

Dr. Georg Ried

Managing Director of Bayern Kapital GmbH

Dr. Georg Ried has served as Managing Director of the State of Bavaria's venture capital company Bayern Kapital GmbH since 2013. As a wholly owned subsidiary of LfA Förderbank Bayern, Bayern Kapital funds seed, start-up and later stage financing for innovative Bavarian companies.

Born in Munich in 1959, Dr. rer. nat. Georg Ried completed his biochemistry studies in Tübingen and London in 1986. After receiving his PhD and engaging in subsequent research as well as teaching as a post-doctoral fellow, he held various positions in the technology sector of the Bavarian Ministry of Economic Affairs starting in 1993. Within this context, he was primarily involved in clusters as well as research outside the University environment. From 1998 to 2001, Dr. Georg Ried worked as an investment manager for Bayern Kapital GmbH.
